ABOUT NEW ZEALAND

New Zealand consists of two main land masses, the North Island and the South Island and around 600 smaller islands. New Zealand is fast becoming one of the first choices of international students who wish to get quality education at affordable cost. New Zealand ranks high in international comparisons of national performance, such as quality of life, health, education, protection of civil liberties, and economic freedom. It is one of the most attractive destinations for international students who are looking for high quality education.

TOP REASONS TO STUDY IN NEW ZEALAND

- New Zealand has the lowest unemployment in the world
- A number of opportunities are there for students to gain work permit after course completion
- Broad range of study and research opportunities
- Flexible entry criteria
